

Product information

Meguin Diesel System Cleaner

Description

Mixture of agents with cleaning, dispersing, and material-protection properties as well as cetane-number enhancing properties that has been formulated for today's engines, fuels and operating conditions. Added to diesel fuel for all diesel engines in cars and trucks, tractors, construction machinery and stationary engines. Ideally suitable for preserving engines when decommissioned for long periods under extreme conditions.

Properties

- tested for the use with catalytic converters
- keeps the fuel system clean
- boosts the cetane number
- prevents seizing and the injector needles from gumming up
- keeps injection nozzles clean
- optimal engine performance

Characteristic data

Color / appearance	yellowish-brown
Flash point	63 °C DIN ISO 2592
Density at 20 °C	0,825 g/cm ³ DIN 51757
Viscosity at 20 °C	4.000 mPas DIN 51398
Hazard class as per German VbF	63 °C DIN ISO 2592
Pour point	-36 °C DIN ISO 3016

Application

Add Diesel System Cleaner to the fuel tank of the vehicle before fueling. Sufficient for 50 l of diesel fuel.

Available pack sizes

250 ml Can sheet metal	6551 AR-EN-FR
